*Making Progress*

The Sunnyvale Economic Development Corporations (SEDC) are pleased to announce the approval of two projects. One is an expansion in the Industrial area that is estimated to be complete in Spring of 2019. This facility will bring the first State of the Art facility of its kind to the State of Texas. The second project is the approval of zoning for the SEDC owned land at the Southeast corner of Collins Road and Hwy 80. Movement should begin on the property in Spring of 2018. There are already negotiations with fast food restaurants, sit down restaurants and an office complex. If you have any questions regarding these projects or more, please contact Traci Anderson, Economic Development Director, at [traci.anderson@townofsunnyvale.org](mailto:traci.anderson@townofsunnyvale.org).
